January 1, 2020:

Dear Valued Customer:

Service Pumping & Drain Co., Inc. has made the decision to discontinue our residential maintenance and emergency service as of January 1, 2020.

Our commercial business has grown substantially in the last ten years, and we are finding it challenging to preserve the quality, attention, and flexibility that our residential customers deserve. As many of you know, SP&D services hundreds of hospitals, universities, and restaurants all over Massachusetts and Southern New Hampshire.

I would like to recommend my brother's company for your residential pumping service:

John Zanni Pumping Company

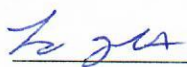

Anthony Mottolo- Owner

(781) 944-0149

<https://www.johnzannipumping.com/>

Dick and I extend our deepest thanks for years of loyal business.

With Gratitude,

Lara J Mottolo, Vice President

Richard A. Mottolo, President
